

Numerical Systems Save Money

The use of numbers will simplify your records and make them absolutely accurate—you should number every order, requisition, cost-ticket, ledger-card, etc.

And in this connection remember that the Bates Numbering Machine will do the work more accurately and quickly than by any other means. It duplicates, repeats or numbers consecutively as you desire.

Isn't it worth investigating?

Will Hear of Life and Work in Windy City

Members of the "Get Ready Club"—Left to right: Percy Bull, president of club; Henry Santos, H. Neilsen, George Perry, S. Fariera, W. Dreier, intermediate secretary. Alex. Fritsch and George Daifuser.

W. E. Pietsch of the Moody Bible Institute of Chicago will speak to the members of the Get Ready Club of the Y. M. C. A. at their regular club meeting tonight.

Mr. Pietsch is a graduate of one of the leading missionary schools of the country and has vast experience in the work. He will tell the boys this evening about the work that is being done in Chicago, and what the life is like in that city.

The Get Ready Club is one of the leading clubs in the Y. M. C. A., and their work along lines of the needs of the citizen has been studied from many angles.

STONE FAVORS PUTTING LINER ON HAWAII RUN

Great Northern Traffic Manager
Advises His Company
Prospects are Good

"Cal Stone has recommended that the Great Northern be put on the Honolulu run," says H. P. Wood in a letter to A. P. Taylor of the Promotion Committee.

With the news that the trusted and experienced passenger traffic manager of the Great Northern company has made his recommendation at last, after his careful survey of the conditions in Hawaii and on the coast, there seems little doubt that the big liner will be put on the run. The matter is now up to James J. and Louis Hill for final decision, but it is not likely that they will overrule Stone's judgment in the matter.

For some time favorable rumors have been reaching Honolulu from the coast showing that the Great Northern people were at least giving the islands a thorough consideration, and the news that Stone has made the recommendation is not a surprise.

His recommendation goes to President L. C. Gilman, and after meeting with his approval will go on to the Hills for the last consideration.

ARMY NOTES

To prepare camp for Company E of the 25th Infantry, which will build the improved trail up Mauna Loa, a detail of 50 men will leave for Hawaii when the Matsonia sails for Hilo, probably Thursday.

Saturday is the date set for departure of the company itself for the Big Island. When they arrive, on the Mauna Kea, they will find camp in readiness for them. Lieut. Wallace C. Philson having arranged camp site and equipment.

Capt. Charles F. Bates will command Company E, so that actual work on the remodeling and improvement of the present trail, and construction of new portions up the mountain should be started Monday or Tuesday of next week.

CIRCUIT COURT EXPENSES HAVE EXCEEDED CASH

In a letter submitted to the board of supervisors last night, City Auditor James Bicknell informs that body that the first circuit court, which is presided over by Judge Ashford, Whitney and Stuart, has exceeded by \$4508.50 the amount of money set aside for its expenses.

By vote of the board the ways and means committee will make an investigation to ascertain whether or not the city is to make up this deficiency. The total expenses of the court from January 1 to June 30 were \$38,508.50. To meet the expense the last legislature appropriated the sum of \$29,000, and the board of supervisors appropriated \$5000, leaving \$4508.50 still unprovided for.

Mr. Bicknell states in his letter that all court expenses of the first circuit court are beyond the jurisdiction of the board of supervisors. The committee having the matter of investigation in charge will report back as soon as possible.

Schofield Notes

(Special Star-Bulletin Correspondence)
SCHOFIELD BARRACKS, Oct. 11.—Second Lieut. Russell L. Maxwell, battalion quartermaster and commissary, 1st Field Artillery, has been detailed in addition to his other duties as acting regimental quartermaster.

In compliance with telegraphic instructions from headquarters, Hawaiian department, the following named men of the 1st Field Artillery left on Saturday afternoon for Fort Kamehameha, where they will be for several days on special duty at the ordnance supply depot in connection with field artillery material: Pvt. Harry Hunter, Battery A; Pvt. Joseph Mangini, Battery B; Pvt. Louis Abraham, Battery C; Pvt. Frank D. Tinkham, Battery D; Pvt. G. J. Goodman, Battery E, and Pvt. G. W. Blythe, Battery F.

The following named enlisted men have been recommended for a four months' course at the school for bakers and cooks at Fort Shafter. As student cooks—Corpl. Benny Witt, Troop 1, 4th Cavalry; Pvt. Charles E. Mattingley, Battery D, 1st Field Artillery; as student bakers—Pvt. Martin Munster, Troop H, 4th Cavalry; Pvt. David Mills, Company C, 25th Infantry, and Pvt. James E. Herman, Company E, 1st Infantry.

An order has been issued by the commanding general at Schofield to the effect that hunting and shooting on the reservation is strictly forbidden, and all game will be protected. A number of pheasants have been put out on the reservation with the object of increasing their number, as nearly all the game on the reservation has been cleaned out.

Another disappointment was keenly felt by the large number of enlisted men who have for some weeks been due to return to the mainland, when word was received that the 25 men picked to return on the Dix could not be accommodated.

A MEDICINE OF MERIT

A proprietary medicine, like everything else that comes before the public, has to prove its merits. The law of the survival of the fittest applies in this field as in others. The reason for the tremendous success of Lydia E. Pinkham's Vegetable Compound is because it has been fulfilling a real human need for 40 years, so that today thousands of American women owe their health and happiness to the marvelous power of this famous medicine, made from roots and herbs—nature's remedy for woman's ills.—Adv.

CARELESS FILIPINO WOMAN BLAMED FOR SPREADING DISEASE

Three Filipino boys, the youngest being only 11 months old, have been found by the anti-tuberculosis bureau of the Board of Health to be suffering from the "white plague" as the result of the carelessness of a woman who, during the last year, has been treated by the Palama nurses for the disease.

The woman in question is a Filipino. When it was discovered about a year ago that she had tuberculosis, she was placed in the care of a district nurse from the Palama Settlement. She was living in the Magoon block in Queen street.

Three months ago the Filipino woman disappeared; that is, she moved away from the Magoon block and the officials of the Board of Health were unable to locate her.

It was learned a few days ago that the woman had moved to Kakaako. She was located after a search of the district had been made. It was discovered that the woman, during her period of "disappearance," had lived with two Filipino families. The Board of Health officials immediately placed the woman in a local sanitarium.

The heads of the two families complained to the board that three of the children—one in one family and two in the other—were sickly. They were examined and indications of tuberculosis were found. An investigation now is being made to ascertain whether the Filipino woman has caused the disease to spread further.
